—POV Magazine

What would you do if your income were taken care of? Just a few years ago, an unconditional basic income was considered a pipe dream. Today, this utopia is more imaginable than ever before. FREE LUNCH SOCIETY provides background information about this idea and searches for explanations, possibilities and experiences regarding its implementation.

Globalization, automation, Donald Trump. The middle class is falling apart, but we hear more talk about the causes than about solutions. From Alaska's oil fields to the Canadian prairie, from Washington's think tanks to Namibian steppes, FREE LUNCH SOCIETY takes us on a grand journey to answer one of the most crucial questions of our times.
